

Evaluation and tracking of laptop use, assessment of student progress with additional technology and internet access. Early intervention (each student participates in faculty feedback each semester to identify any challenges) will now include technology and internet access. Tracking student applications, reasons cited for non enrollment will be compiled.

### ***Learning Outcomes***

Please check the PLO Assessment Schedule for the program by visiting [SLAPEC's home page](#) under "Master Schedule". The Master schedule includes submissions as of 7/15/16. Spring 2016 submissions are due October 30, 2016.

**14. Are there any Learning Outcome assessment results (Program Learning Outcomes (PLOs)) submissions that have been scheduled that were not submitted? If so, please tell us how you will address these submissions.**

No, we are on track for PLO in Fall 2017.

**15. How does your program define student success?**

Student success is defined as a student entering a career pathway with an accurate education plan of 24 months or less and with individualized resources and constant predictable relationship support, achieving the goals of the educational and workforce plan agreed upon by the county CalWORKs and college.

**16.**
