

College Council Agenda

INFORMATION/ACTION ITEMS:

- 1. Academic Senate recommendation for BRAC's updated process document Gretchen**
Academic Senate President Ehlers will present the Senate's recommendation for BRAC's revised foundation principles document.

Gretchen:

- update BRAC process to include Deans
- clear process to talk to programs they lead
- clear in academic disciplines, people in student services not clear who represents them
- make clear to everyone (faculty) how they participate in the budgeting process
- gaps when moving administrators around, administrators did not talk to programs about budget
- administrators need to discuss budget with their program
- each program develops an operating budget – not just department chairs (some programs do not have department chairs)
- Stephanie – numerous programs submitted budget approvals without letting other people in the program know (Deans, etc.)
- need to be clear on both sides (clarification of process)
- Organizational chart

John H:

- programs come and go, would need to look at org chart every year
- implementation of a dean structure into the BRAC system – need clarification on what deans look over
- every program should have an equal voice in BRAC because Deans are prioritizing certain requests
- should have a FEEDBACK LOOP to understand what was approved, deadlines, to close communication (the college needs to know, not just the programs, increase transparency from a budget perspective)

Brad:

- Dean to Pat to BRAC, contemplates change of elimination of division chairs and implementation of deans
- department chairs understand the need for faculty involvement, making sure that deans and Dep. Chairs are working together, increase communication about what got approved
- motion to approve changes
Stephanie motions (John V. seconds, unanimous approval)
