

After attending the Transfer Motivational Conference, take time to reflect on your experience.

In a **minimum of one page**, reflect on at least one of the following questions:

- Share one or two important ideas you gained on this day.
- Describe one experience that you had at the conference in detail.
- How did the conference connect to your understanding of being a transfer student? Do you have a clearer idea of where you would like to transfer? What major you will pursue?
- With whom did you connect at this conference? What did you learn about this person? How will you stay connected?

Things to think about to help you complete your assignment include:

-What is your plan to reach the goal you have chosen?

-What questions do you still have? Can Joe help you in answering/clarifying? Can your mentor help in answering/clarifying? Someone else?

-Think about what your thoughts were before the conference. Were they accurate?
